Ubiquitin Family, Autophagy and Diseases

Suzhou, China
May 11-15, 2020
Abstract deadline: February 28, 2020

MAJOR TOPICS

√ Ubiquitin family proteins: conjugation and deconjugation
√ Autophagy networks: mechanisms & regulations
√ Regulation by ubiquitin family proteins
√ Protein degradation & Proteasome: functions & physiology
√ Functions and physiology of autophagy
√ Interplay between ubiquitin family & autophagy
√ Ubiquitin, Autophagy & diseases
√ Targeting ubiquitin & autophagy systems

ORGANIZERS
Ivan Dikic, Goethe University Medical School
Maho Hamasaki, Osaka University
Jianping Jin, Zhejiang University
Beth Levine, UT Southwestern
Xiaobo Qiu, Beijing Normal University

KEYNOTE SPEAKERS
Daniel Finley, Harvard Medical School
Yoshinori Ohsumi, Tokyo Institute of Technology

INVITED SPEAKERS
Quan Chen, College of Life Sciences, Nankai University
Ruey-Hwa Chen, Academia Sinica
Jinke Cheng, Shanghai Jiao Tong University School of Medicine
Xingwang Deng, Peking University
Ivan Dikic, Goethe University
Xin-hua Feng, Zhejiang University
Eric Fischer, Dana Farber Cancer Institute
Maho Hamasaki, Osaka University
Malene Hansen, Sanford Burnham Prebys Medical Discovery Institute
Jianping Jin, Zhejiang University
Masaaki Komatsu, Juntendo University
Yong Tae Kwon, Seoul National University College of Medicine
Beth Levine, UT Southwestern Medical Center
Sascha Martens, University of Vienna
Noriyuki Matsuda, Tokyo Metropolitan Institute of Medical Science
Simona Polo, Fondazione Istituto IFRCl di Oncologia Molecolare
Xiaobo Qiu, Beijing Normal University
Yu Rao, Tsinghua University
Michael Rape, University of California, Berkeley
Hanming Shen, University of Macau
Morgan Sheng, Broad Institute of MIT and Harvard
Sharon Tooze, The Francis Crick Institute
Junying Yuan, Harvard Medical School
Hong Zhang, Institute of Biophysics, CAS

FELLOWSHIPS
We are eager to have as many young people as possible attend since they are likely to benefit most from this meeting. A number of presentations by graduate students and postdocs in this conference will be selected for major fellowship awards.

Cold Spring Harbor Asia (CSHA) is the Asia-Pacific subsidiary of New York based Cold Spring Harbor Laboratory (CSHL). Inaugurated in 2010, CSHA is dedicated to promoting international scientific exchange in the Asia-Pacific region by offering cutting-edge scientific conferences and advanced training courses.
