at Houston, USA

Xiaobo Qiu

Beijing Normal
University, CHINA

Keiji Tanaka

Tokyo Metropolitan
Institute of Medical
Science, JAPAN

Li Yu

Tsinghua University,
CHINA

Major Topics

- Conjugation systems for ubiquitin
- Autophagy networks
- Removal of ubiquitin and ubiquitin-like proteins
- Proteasome: Insight functions and physiology
- Ubiquitin and selective autophagy
- Regulation by ubiquitin-like proteins
- Ubiquitin, ubiquitin-like and human diseases
- Autophagy and human diseases

Keynote Speakers

Alfred L. Goldberg, Harvard Medical School, USA
Tamotsu Yoshimori, Osaka University, JAPAN

Invited Speakers

Quan Chen, Institute of Zoology, CAS, CHINA
Chin Ha Chung, Seoul National University, SOUTH KOREA
Ana Maria Cuervo, Albert Einstein College of Medicine, USA
Hugues de Thé, INSERM Unité 944, FRANCE
Ivan Dikic, Goethe University Medical School, GERMANY
Daniel Finley, Harvard Medical School, USA
Ronggui Hu, Institute of Biochemistry & Cell Biology, SIBS, CAS, CHINA
Jianping Jin, University of Texas Health Science Center at Houston, USA
Masaaki Komatsu, Niigata University, JAPAN
Sharad Kumar, University of South Australia, AUSTRALIA
Yong Tae Kwon, Seoul National University, SOUTH KOREA
Maria G. Masucci, Karolinska Institutet, SWEDEN
Shigeo Murata, University of Tokyo, JAPAN
Xiao-Bo Qiu, Beijing Normal University, CHINA
Thomas Sommer, Max-Delbrück-Center for Molecular Medicine, GERMANY
Keiji Tanaka, Tokyo Metropolitan Institute of Medical Science, JAPAN
Sharon Tooze, London Research Institute, UK
Yong Wan, University of Pittsburgh, USA
Dieter A. Wolf, Xiamen University, CHINA
Qi Xie, Institute of Genetics and Developmental Biology, CAS, CHINA
Richard Youle, NIH, USA
Li Yu, Tsinghua University, CHINA
Junying Yuan, Harvard Medical School, USA
Qimin Zhan, Peking Union Medical College, Chinese Academy of Medical Sciences, CHINA
Hong Zhang, Institute of Biophysics, CAS, CHINA
Pengbo Zhou, Cornell University, USA

Abstract Due March 6, 2016

The conference will include eight oral sessions and one poster session covering the latest findings across many topics in ubiquitin family. Abstracts with new and unpublished data are encouraged. Selection for short talks (10-20) and poster presentations will be made by the organizing committee on the basis of scientific merit and relevance.

Fellowships

We are eager to support as many junior scientists as possible. Certain number of presentations by graduate students or postdocs in this conference will be evaluated for fellowship awards (USD 100-500).

Ubiquitin Family Autophagy and Diseases

SUZHOU, CHINA
APRIL 18-22, 2016
