ORGANIZERS

Judith Campbell

California Institute of Technology, USA Peking University, CHINA

Binghui Shen

City of Hope, USA

Daochun Kong

Stephen West

The Francis Crick Institute, UK

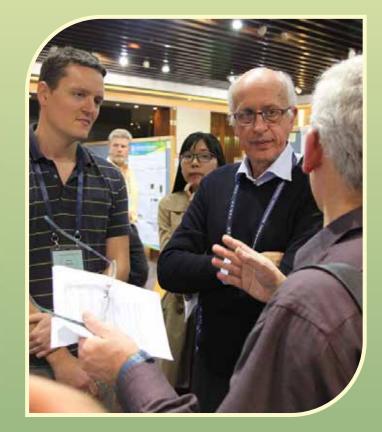

Major Topics

- Chromosomal DNA replication, replication fork stability
- DNA repairs (excision repairs, dsDNA break repairs, DNA recombination)
- DNA damage response
- Epigenetic regulation, histone remodeling, genome structure
- Chromosomal segregation
- Human diseases

Fellowships

We are eager to support as many junior scientists as possible. Certain number of presentations by graduate students or postdocs in this conference will be evaluated for fellowship awards (USD 100-500).

Keynote Speakers

Stephen West , The Francis Crick Institute, UK Wei Yang, National Institutes of Health, USA

Invited Speakers

Hiroyuki Araki, National Institute of Genetics, JAPAN

Michael Botchan, University of California, Berkeley, USA

Keith Caldecott, University of Sussex, UK

Judith Campbell, Caltech, USA

Anthony Carr, University of Sussex, UK

Junjie Chen, University of Texas MD Anderson Cancer Center, USA

David Cortez, Vanderbilt University, School of Medicine, USA

Marco Foiani, IFOM - The FIRC Institute for Molecular Oncology, ITALY

Fumio Hanaoka, Gakushuin University, JAPAN

Maria Jasin, Memorial Sloan-Kettering Cancer Center, USA

Daochun Kong, Peking University, CHINA

Stephen Kowalczykowski, University of California, Davis, USA

Thomas Kunkel, National institute of environmental health sciences, NIH, USA

Guo-Min Li, University of Southern California, USA

David Lilley, University of Dundee, UK

Nancy Maizels, University of Washington, USA

Ketan Patel, University of Cambridge, UK

Tanya Paull, The University of Texas at Austin, USA

John Petrini, Memorial Sloan Kettering Cancer Center, USA

Binghui Shen, City of Hope, USA

Patrick Sung, Yale University, School of Medicine, USA

Zhaoqi Wang, Leibniz Institute for Age Research, GERMANY

Akira Yasui, Tohoku University, JAPAN Xiaochun Yu, City of Hope, USA

Lee Zou, MGH Cancer Center/ Harvard Medical School, USA

DNA Metabolism Genomic Stability & Diseases Suzhou, CHINA JUNE 13-17, 2016

Abstract Due April 1, 2016

COLD SPRING HARBOR ASIA

Cold Spring Harbor Asia (CSHA) is the Asia-Pacific subsidiary of New York based Cold Spring Harbor Laboratory (CSHL). Inaugurated in 2010, CSHA is dedicated to promote international scientific exchange in the Asia-Pacific Rim by offering scientific conferences and advanced training courses with highest quality.
